

Mr.CEO's Beloved Wife Chapter 1 To 3

Chapter 1

Pain.

It was as if all the bones in his body had been broken and reformed.

The next day.

Mu Qing's jade-like eyelashes trembled as she slowly opened her starry eyes.

What they saw was a completely unfamiliar room. The thick, wine-red curtains blocked out the sunlight from the outside and the interior was dimly lit. However, Mu Qinghuan was the first to notice that something was amiss.

The pain made his memories of last night surge like a flood through a sluice gate.

Yesterday, she had gotten her certificate from Ye Bei with her boyfriend that she had been dating for two years. For the sake of celebration, she had gotten drunk. After coming to this room, they had a relationship that Mu Qinghuan couldn't remember at all.

Just as she was about to open the door, the lights in the room suddenly lit up. She saw a group of reporters standing outside the door!

And the first to bear the brunt of it was her new husband and stepsister!

The way they looked at her was shocked and astonished.

The way she looked at Ye Bei was completely different from the gentle and

loving way she used to be. It was as if she wanted to eat Ye Bei alive!

"B-husband ...?" Mu Qinghuan was frightened by this sudden scene. Her mind was blank. Only her hands were tightly holding onto the blanket as she tightly wrapped her body.

However, her hair was in disarray, and her exposed shoulders could still see the densely packed red plum blossoms, causing people to blush and their hearts to palpitate. Those scars couldn't help but reveal her current sorry state.

"Mister, I've already told you the information we've received. The Mu family's eldest daughter, your newlywed wife was having an affair with someone here. You didn't believe us before, but now you believe us, right?" The leader of the reporters looked at Ye Bei proudly.

Ye Bei's expression was terrifyingly dark as he glared at Mu Qinghuan.

"Elder sister, do you know how worried brother-in-law was for you after you went missing for an entire night? Yet, you ended up having an affair with an adulterer here ... Elder sister, you are really going too far! Dad won't forgive you for your shameless behavior!" Mu Ningyue looked at Mu Qinghuan in shock and disappointment. It seemed that she was very sad and shocked at the way her elder sister had done this.

A clandestine love affair?

How could it be a clandestine love affair?

"No, no, I was with Ye Bei last night..." Mu Qinghuan's body was tightly curled up.

She couldn't open her eyes in the glare of the reporters' lights, but she could

still feel their eyes on her.

He mocked, disdained, and was excited about the rich and powerful gossip.

"Sister, even if you are going to lie, you should at least find a better reason, right? Last night, because you suddenly disappeared, Brother-in-law and I searched for you for the entire night! We were together the whole time, how could he be at the hotel with you... Do such a thing? "

Mu Qinghuan felt as though she was struck by lightning as all the blood in her body instantly froze.

Wasn't the person last night heading towards Ye Bei?

"Miss Mu, who was the wild man that you secretly dated?"

"Miss Mu, does your family know that you have such a water-based personality?"

"Miss Mu, to steal someone just as soon as I received the certificate, this must not be the first time I've stolen it, right?"

The sharp, mocking questions of the reporters reached his ears.

The microphone buzzed into her face one by one, and the strobe lights never stopped, capturing her sorry state and the state she was in.

"Mu Qinghuan, you've gone too far! Although I don't have a father or mother, I won't allow you to degrade me like this. Today, I'll say this in front of so many reporters. We'll get a divorce!" He said to Ye Bei with a gloomy face.

Mu Qinghuan's face turned deathly white. Her hands that tightly gripped the quilt trembled as she shouted, "Ye Bei ...!"

However, after saying that to Ye Bei, he didn't even look at her as if he could dirty his eyes with just one look and left without turning back.

"Elder sister, you ... "Do your best." Mu Ningyue bitterly said before she also left.

"..."

Mu Qinghuan didn't know how she walked out of the hotel. What happened after she woke up completely confused her.

When she returned home, her father, Mu Yan, had already thrown out all her belongings. He pointed at her and told her to scam out of the house, "I, Mu Yan, don't have such a shameless and disgraceful daughter like you!"

Mu Yan's reaction still made Mu Qinghuan feel disheartened.

Life was truly unpredictable. However, when she woke up, her husband, who had just received his certificate, was going to divorce her. Furthermore, her father had even kicked her out of his house.

However, she didn't have the time to feel sad right now. Mu Qinghuan immediately got on the car and rushed to the bridal chamber. She had too many questions to ask about what happened last night.

However, just as Mu Qinghuan walked out of the profound entrance, she heard an ambiguous panting sound coming from the living room.

Mu Qinghuan's face was pale as she subconsciously tightened her hand. She seemed to vaguely realize something, but she still didn't give up as she hid within the profound entrance and looked towards the living room.

That scene was like a sharp blade piercing through her chest, instantly riddling her heart with countless holes as blood flowed like a river.

Her new husband was hugging her sister and kissing her on the sofa!

In the morning, they stood in front of the media and scolded her for cheating. How could they be so openly loving and loving between her and the new room towards Ye Bei?!

"Big Brother Ye, we can finally be together in broad daylight. You have been wronged for sacrificing yourself to date that idiot Mu Qinghuan this year. Luckily, we managed to transfer her grandfather's Bai family inheritance to Big Brother Ye Bei's company!"

Mu Ningyue laid in Ye Bei's embrace, smiling sweetly. Her tone of voice was filled with excitement.

Mu Qinghuan, who was hiding at the entrance, couldn't help but cover her mouth in shock.

The blood in his body seemed to have frozen at this moment.

So, her gentleness towards Ye Bei was all fake!

From the very beginning, he had been plotting against his grandfather's inheritance!

Anger raged in her heart, almost burning her to ashes.

At first, she was blinded by love, but as the mist dispersed, she could finally see the past.

No wonder he travelled a lot!

No wonder he kept urging her to get a pass so she could transfer her grandfather's inheritance into his company!

"You all ... Shameless! You will be punished! " Mu Qinghuan could not hold back the resentment in her heart as she dashed out with scarlet red eyes.

The two on the sofa didn't expect Mu Qinghuan to suddenly rush out. They were slightly flustered, but quickly regained their senses.

Mu Ningyue leaned back into Ye Bei's embrace and teased him proudly and mockingly, "Elder sister, we did this for your own good. With such a large family fortune, it would be a waste for you to waste it. Giving it to us would just be making use of it." www.onlinefreenovels.com

"Yeah, Qing Huan, it's useless for you to say anything now. Since you've come, it might save me the trouble of looking for you again. The divorce agreement is on the table. If you sign obediently, you can leave your home."

Ye Bei sat on the sofa, too lazy to even lift his eyes.

Apparently, he did not feel the slightest bit guilty about what he had done!

"You bastards! Last night, it was also designed by you guys? " Mu Qinghuan felt as though someone was grabbing her heart with a hand. The pain made her unable to even shed tears.

"Of course. The liquor you drank that night was flavorful and Brother Ye even personally set it up. However, we originally wanted to find a few tough guys for you out of good intentions, but who would've thought that you would sleep with some wild man ..." From this point of view, Big Sister is actually not innocent at all. " Mu Ningyue raised her delicate face, the smile on her lips became even more proud. "In short, Elder Sister, you cheated and everyone knows it. It's best for you to obediently sign your name and leave the house. Otherwise, you will be the one suffering."

Mu Qing was so elated that his entire body was trembling. He clenched his hands into fists.

It turned out that the person she loved all these years was just an animal!

"Don't even think about it! I'm going back to tell Dad I'm going to sue you!"
"Don't even think about getting a single cent of my grandfather's inheritance!"

Mu Qinghuan's eyes turned red as she screamed hysterically.

"Haha, prosecution? Tell Dad? "Elder sister, I'll tell you the truth, daddy has tacitly agreed that your grandfather's Bai family inheritance is to be used as my dowry." Mu Ningyue seemed to have heard a funny joke as she laughed heartily.

Mu Qinghuan's body violently trembled a few times. Her pale face seemed as though she would faint at any moment.

She looked at Mu Ningyue with disbelief, as though she didn't believe the words that came out of her mouth.

"No, no!" Impossible! He wouldn't do that! "

Mu Qinghuan was on the verge of collapse.

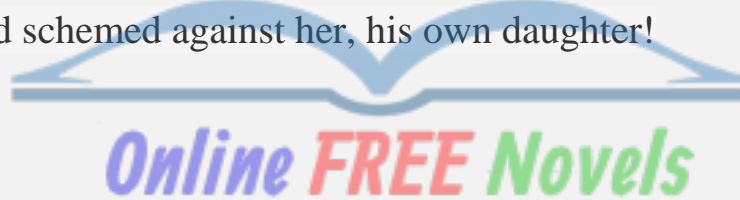

Shock, anger, resentment, all sorts of emotions intertwined together. He felt as if his entire body was going to break apart into pieces.

His heart seemed to have stopped beating, and even his breathing felt painful.

Even when her father cheated and her mother killed herself in despair, she was already extremely disappointed in her father. However, he was still her own father!

How could he do such a thing? He had schemed against his father-in-law's inheritance, and schemed against her, his own daughter!

Why!

Just why was this happening!? www.onlinefreenovels.com

"How is that impossible?" Mu Ningyue admired Mu Qinghuan's pale, paper-like face. Seeing her disappointed and battered appearance, her heart felt even more at ease. "You still don't know, right? My dear sister, I am not your burden, I am your father's own daughter! Naturally, he has to plan everything for me! "

Daughter?

Mu Ningyue was only half a year younger than her!

Mu Qinghuan felt as though her head had been struck by lightning. Her mind was completely blank as she finally couldn't bear it any longer and sat down

weakly on the ground.

"All day long, you feel that you're noble and look down on my mother for being the mistress, but you didn't know that your mother was the real mistress! It was your mother's power that forced your father to marry her! It's her who beats up lovers, she's just the mistress! " Mu Ningyue looked at the soulless Mu Qinghuan, and arrogantly destroyed her last line of defense. "The real burden is you! You're the most unnecessary one! Just like your little mistress, she's just a burden. "If you know what's good for you, my good sister, then sign quickly and get lost!"

Mu Qinghuan's entire body trembled as tears silently flowed down her face.

What a waste!

What a nice little three!

A bone-eroding hatred spread throughout her body. Mu Qinghuan wished that she could perish together with this group of people!

They ate the flesh of the Bai Clan and drank the blood of the Bai Clan to this point, yet they still had to take a bite out of the Bai Clan?

How shameful, how hateful!

"Elder sister, stop blanking out, hurry up and sign and get lost."

Mu Qinghuan lowered her head. After a long while, she raised both of her hands to ruthlessly wipe away the tears on her face.

Angina pectoris.

She stood up shakily and walked towards the tea table like a walking corpse. Then, she picked up the pen and opened the cap ...

Immediately after, Mu Qinghuan seemed to have gone crazy as she crazily jabbed her pen at the two of them.

However, before Mu Qinghuan could pierce him, she was already prepared and kicked at Ye Bei's chest, knocking him to the ground.

Mu Qinghuan only felt as though her chest had been struck by a car and she actually couldn't stand up at the first moment.

"Mu Qinghuan, don't be so shameless. After signing your name, everyone should save time. Otherwise, I can sue you for murder and have you come out after a few years!" Behind the lens, there was a layer of heartless coldness within his eyes as he looked at Ye Bei.

The blood in Mu Qinghuan's entire body turned ice-cold.

Trembling, she gripped the pen tightly in her hand. The tip of the pen pierced into her palm, causing her entire body to drip with bright red blood. However, she remained unmoved.

Furthermore, the pain in his palm could not be compared to the unwillingness and despair in his heart.

At this point, she was alone and had no chance of winning.

She knew that even if she didn't sign the divorce agreement, she wouldn't be able to take back a single cent of her grandfather's inheritance!

Mu Qinghuan's tears flowed silently as she signed her name with a bloody

brush.

Every stroke was filled with her blood and hatred!

Just you wait!

One day, she would take everything from each of them!
